

## Course Standard

Consists of four one-to-one lessons during morning hours from 8.30 h to 12.30 h, Monday to Friday. In the afternoons, the cultural program called **Quito Cultural** takes place from 14.00 h to 16.00 h. This program is organised every day from Monday to Friday (see description below).

## Course Individual

The study units can be put together individually. It is also possible to arrange your lessons whenever you want, even on Saturdays or Sundays. The students may also join the cultural program Quito Cultural in the afternoons from 14.00 h to 16.00 h.

## Course Privado - in a teacher's house

You live in a teacher's house together with his/her family doing one-to-one Spanish lessons. Weekend activities as well as Quito Cultural can be organized privately or with other Atahualpa-students. Privado courses can be combined freely with any other offer described.

## Quito Cultural - afternoon activities

In the afternoons from 14.00 to 16.00, additional cultural activities are offered apart from morning private lessons. We would like to show you a different and exciting Quito. We will visit tourist sites, museums and indian markets. Many other activities like excursions to the Andes of Ecuador, courses in Latin-American dancing and how to play a typical native instrument are also offered. All costs like bus tickets or entrance fees are included.

## Otro Sitio - studies outside of Quito

As a change, the possibility for a one week's study outside Quito is offered. You can study either in Cuenca or in Baños in the Andes, in Atacames at the Pacific coast, in Coca or Tena in the Amazon or in the Valle de los Chillos situated in the countryside close to Quito. With Sierra Total you can combine your Spanish studies with a nice organised tour through the Andes.

## School - one-to-one, personal and individual

The Institute Atahualpa is located in the heart of modern Quito, close to the main shopping area Amazonas. Quito's most important shops, travel agencies and restaurants can be found there. Because of its central location, the school can easily be reached by bus.

The school itself offers a pleasant and familiar atmosphere. It is a small school where the student is at the centre of attention. Therefore, the individual expectations of each student can be met. We work exclusively together with teachers having a minimum experience of five years in teaching Spanish and an university degree.

Our courses are suitable for beginners and advanced students and it is possible to begin at any level. We also prepare students for the well-known Spanish certificates like "Diploma de español como lengua extranjera" (D.E.L.E.) issued by the University of Salamanca, the Inicial (C.I.E.), the Básico (D.B.E.) or the Superior diploma (D.S.E.).

Our courses contain one-to-one lessons (one student - one teacher). Our teaching experience shows, that this is the best way to learn a foreign language. Therefore, it is possible for students to choose their individual number of weekly lessons, the rate and the subject they want to be taught. Teachers change every week. Lessons are structured in various ways. Besides the compulsory grammar lecture, emphasis is placed on pro-

Vocabulary learned can be used immediately when talking with native speakers. In this way it is possible not only to build up an every day vocabulary, but also to add vocabulary specific to particular areas like economics or politics.

## Official Diploma

When you have completed your course, you will receive not only a certificate, but also an official diploma from the Ecuadorian Ministry of Education and Culture.

## Accommodation - Family or Hotel

Family accommodation has proved to be the best way to get into the language because there students have the opportunity to use the foreign language by means of discussions apart from school lessons.

Family accommodation includes: private room, three daily meals and laundry service. Students are picked up after their arrival by the host family at no extra cost. Addresses of recommendable Quito families are made available, because it is our concern that students have a positive home-stay experience. If you prefer a hotel-stay, we can offer a suitable arrangement as well.

## Weekend activities

In addition to the regular afternoon activities, the school also organises weekend activities. Quito is an excellent starting point for excursions in all directions.
